Dear Friends,

I am writing this on the first day of spring. As you will remember there have been a few days of warm sunshine and for the first time this year a period of dry weather. We now come to this the first day of spring and what does the forecast say? It will rain towards the end of the day.

Most of us rely on forecasting so that we can organise trips, picnics, or social events that will be good for everyone.

The Chancellor of the Exchequer has just given his budget statement along with some predictions about the way the economy is likely to go over the next few years.

Lots of predictions are made about all sorts of things and it is certainly true that our lives can be severely affected by a word in the wrong place, or an attempt to manipulate people or markets.

I don't think that many saw what was going to happen in the Crimea area of the Ukraine.

In the gospel of Luke 21:5-38 Jesus and his disciples have a conversation about what is to come in the future with respect to Jerusalem. Jesus also refers to the end times but gives this good advice in verse 36 "Be always on the watch, and pray that you may be able to escape all that is about to happen, and that you may be able to stand before the Son of Man."

I think that it would be good for us to remember that God is the only one who knows what is coming and to put our faith in him is the most sensible thing we can do.

God bless you as you trust in God and live to please Him.

Peter

Thank you

David, Jean, and Family would like to thank you all for your kind messages of sympathy, donations and flowers received on the sad loss of Susan from our family. Susan will be sadly missed by us and all her friends. Your support has been much appreciated. God Bless You All.
